Our Revised Logo will be on the back....the Star with just the dancer leaping. Dance will be above. Express will be under it.

The front chest side will have a kicking Dancer.

Takes one month to get them. I will order August 1<sup>st</sup>. The cost for the entire warmup-pants and jacket is \$75. You must pay when you order. I will have samples available at the July 30<sup>th</sup> practice for sizing purposes.

***Recommended additions you could do once it gets here:***

Only rhinestone the star in a solid line. Could go to Pine Valley Embroidery at to add name on the front side....could add "Competition Company" on the back under the logo.

**These are optional**, but recommended...You can still just do a hoodie if you like. You don't have to do anything other than the competition shirt. Everyone with their matching jackets on really stands out as a team at competition, on the award stage and in parades....It looks nice.

*If you want to order your own rhinestones....[www.rhinestoneguy.com](http://www.rhinestoneguy.com) has the swavorskian crystals and you get them within a few days! If you ever need crystals...this is who I use too!*
