Any Extras for the musical routines...additional props...

Students need to be in-line for the stage.... 3 songs prior to theirs. I will have back stage help to assist. While dancers are not performing, they may sit on side of the stage and watch the performances. . Room moms need to make sure your group is all there back stage. I will also have a high school pom back stage to help as well. Every dancer will have an assigned area for their changing... some may be in rooms, back stage lobby's, hall ways. We utilize all the space back stage.

Please do not leave after your child's last performance. WE WILL have a final bow at the conclusion of the show. The show will probably last around 3 hours. Arrange **with your student** where you want them to meet you after the performance for you to

pick them up. This is up to you and your child.. i.e. have them wait for you in the dressing area...

Please only move around between numbers. Do not stand or exit the theatre while a performance is going on in respect for the dancers. Videotaping and pictures may be taken from seats only..No flashes allowed on cameras.

Remember—Mr. Video is videoing if you want to purchase a tape.

If you want to sign up for fall dance and/or tumbling/acro, please do so immediately—classes are filling faster than ever! I will be offering 15% off for 2nd child in same family to try to help some of you out! In effort to provide the best dance education for your children and experiences, I may have to limit enrollment this year. Unfortunately, there is only one of me.

We are also doing summer tumbling, hip hop and Tots Movement classes in June. Enroll now!

THANKS FOR A GREAT YEAR!
Miss Lisa
